OIS\*012\*87  
2 February 1987

MEMORANDUM FOR: Director of Information Technology

FROM:   
Director of Information Services

SUBJECT: ADP Support to DA Offices

REFERENCE: Your 2 Jan 87 Memo to the DDA, Same Subject (OIT 1081-86)

1. We have reviewed the reference and support your proposals. Decentralization agrees with views OIS has held for some time, and the long-term goal of incorporating all DA ADP specialists into the MZ Career Service is similar to what OIS did when most information management and registry positions in the DA, DI, DDS&T, and DCI area became part of the MI Career Service.

2. There is an additional area, however, you may wish to clarify. We suggest your proposal state clearly that it is the responsibility of the home career service to take the lead in such areas as requirements definition, systems evaluation, and testing. A division of labor between the ADP specialist and the home career service has worked well in OIS and is based on our experience that no one can understand the needs of programs as well as the people who run and manage them. It ensures that the end product will meet program needs and allows the MZ specialist to concentrate on his or her area of expertise.

3. We wish you well on your move to implement this dramatic initiative.
